Horse of the Year

Our horses are the reason we get together and are able to do what we love every year and we think they deserve some recognition for all that they give to us. We would like to dedicate a special “Horse of the Year” award to honor one special horse in the club who gives their all every ride. Every horse special but please take the time to consider one horse that has stuck out in your mind above the rest this year so that we can reward them and give them the credit that they deserve!

Please choose one horse who has actively been riding in our club this last year!
